> **Re:** **Petition of NANPA on behalf of the S.C. Telecommunications Industry for Relief of the 843 NPA**
> **Docket No. 2013-207-C**

Dear Ms. Boyd:

In accordance the Order Cancelling Hearing and Approving Area Code Overlay issued by the Public Service Commission of South Carolina on December 13, 2013, Time Warner Cable Information Services (South Carolina), LLC ("Time Warner Cable") submits this initial status report on its consumer education plan ("CEP") to inform telephone customers residing within the current 843 area code of the new 854 area code to be implemented in 2015 to serve the same geographic area in eastern SC.

Time Warner Cable will actively participate in an industry planning committee that will coordinate implementation of all technical and consumer education efforts. In fact, a Time Warner Cable employee will co-chair the industry committee along with a Verizon numbering expert. The group will address overlay-related matters including changes in consumer education for revised dialing patterns, the temporary permissive dialing period to begin in March 2015 and auto-dialer reprogramming and any other issues that may arise in connection with the migration to permanent 10 digit dialing, now planned for October, 2015. If you have any questions on Time Warner Cable's CEP please don't hesitate to contact the undersigned.

Very truly yours,

ROBINSON, MCFADDEN & MOORE, P.C.

Bonnie D. Shealy
